

TREE DRIVE FOR CORRIDORS AND WIND BREAKS

Project Expression of Interest and Landholder Commitment Form

Project Details:

The Tree Drive project will achieve the following objectives:

- Fill in wind breaks or corridors that may be inconsistent due to plant loss; and
- Extend existing wind breaks and corridors systems on properties

Each property can initially submit an application to obtain up to 80 trees which will need to be planted **before 30 April 2020**. This offer is made to members on a first in first served basis.

The Application Process:

- Submit this form as an expression of interest
- If you are successful, you will be required to take a 'before' photo of the area/s and an 'after' photo.
- In May of 2020 we will contact you again to find out what percentage success rate you have had with plantings.
- If you require more than 80 trees, please indicate and we will do our best to accommodate after the closure of EOI.
